

Lary Lurrex

Words and music by Jeff Barry/Ellie Greenwich/Phil Spector

D F#m G A
This is the way I always dreamed it would be
D F#m G A
The way that it is, oh no, when you are holding me
G
I never had a love of my own
A
Maybe that's why when we're all alone
D Bm7 Em7 A7
I can hear music, I can hear music
D Bm7 Em7 A7
The sound of the city, baby, seems to disappear, oh well
D D7 G Gm6
I can hear music, sweet sweet music
D Bm7 Em7 A7 D
Whenever you touch me, baby, whenever you're near
D F#m G A
Loving you, it keeps me satisfied
D F#m G Gm A
And I can't explain, oh no, the way I'm feeling inside
G
You look at me, we kiss and then
A
I close my eyes and here it comes again
D Bm7 Em7 A7
I can hear music, I can hear music
D Bm7 Em7 A7
The sound of the city, baby, seems to disappear, oh well
D D7 G Gm6
I can hear music, sweet sweet music
D Bm7 Em7 A7 D
Whenever you touch me, baby, whenever you're near

Guitar Solo: D Bm7 Em7 A7 D Bm7 Em7 A7
D D7 G Gm6
I can hear music, sweet sweet music

Whenever you touch me baby, whenever you're near...
